

Masergy VPN & UC Promotional Offers

As a network services and cloud communications provider, Masergy is uniquely positioned to help accelerate businesses' virtual workforce strategies. We have discounted offers and stand at the ready to establish a productive and secure remote workforce for your enterprise customers.

Masergy NaaS VPN Promotion

Masergy Networking as a Service (NaaS) Virtual Private Networking (VPN) offers a turnkey solution for quickly and securely connecting remote workers to your corporate WAN.

Masergy NaaS VPN promotional offer includes:

- 100 concurrent SSL VPN users
- 1 IPSec Aggregation Tunnel
- \$500 per month, 3-month term commitment
- Add a redundant IPSec Tunnel for \$100 per month
- Additional users can be added in 100-user packs at \$5 per user (not sold individually)

Masergy UC Offer: Empower Remote Workers

The Masergy Remote Productivity Suite and Upgrade offers deliver cloud-based unified communications (UC) services to maintain customer's productivity while working from home.

The Suite includes unlimited domestic calling plans as well as: Cloud PBX Calling Features, Advanced Call Management, Conference Calling & Bridges, Anywhere - Single Number Reach, Call Reports, Direct Phone Number, Emergency Service, Voicemail to Email with Transcription, Number Porting, Unlimited Domestic Calling, Chrome Dialer, and the Masergy Communicator comprising a Softphone, Desktop Sharing, Instant Messaging & Presence, Screen and File Sharing, MyRoom personal meeting space, and Connect applications for iOS and Android.

The Remote Productivity Upgrade adds the Masergy Communicator to a customer's existing Enterprise UC License.

Masergy Remote Productivity promotional offer details:

- Suite: \$15 per user/per month for new clients in all 25 Masergy Global Office regions
- Upgrade: Existing Masergy UC clients can upgrade or add new seats for \$2 per user/per month
- Promotional pricing active from March-June 2020 and requires a minimum contract length of 3 months
